EVENT TESTIMONIALS

"My husband and I selected the Ardmore Music Hall for our daughter's Mitzvah. We were looking for a unique venue and ran across this unusual but inviting atmosphere. Sara and her staff were extremely personable, helpful and professional. They helped with the planning, through the event and were by our side every step of the way. They worked closely with our outside vendors. The venue was perfect for hosting young, middle aged and old for everyone to enjoy the evening! Our family and friends are still commenting on what a great experience they had! I highly encourage anyone to consider this venue. Check it out!"

-Sheryl & Jeff Beiter, Carly's Bat Mitzvah

"We had a phenomenal experience hosting a bar mitzvah at AMH. Sara and Jess worked with us to make our vision of the party a reality, and then went above and beyond our expectations! The setup was ideal for the occasion, with ample space for everything we needed. They were flexible with menu planning, helped us accommodate guests with dietary restrictions, and the food was fantastic! They also provided a tremendous amount of staff the night of the event, with plenty of bartenders and servers, and other people there to take care of every need.

Everyone was very friendly and prioritized our guests' experience. The night went off without a hitch because of their diligent preparation and flawless execution. We could not recommend them higher!"

-Jessica & Zachary Davis, Max's Bar Mitzvah

"We had our ceremony and reception at The Ardmore Music Hall July 2017 and would choose it all over again! Our guests rave to us still that it was the coolest and best wedding they have ever attended.

We are owners of a party band that perform at reception venues all over the tri state area and we chose AMH because we wanted to marry on stage in a fun, relaxed and unique environment. The staff could not have been more service oriented from preplanning meetings up to and including servicing the guests.

We have many compliments for the manager Sara for allowing us to decorate as we wanted, making "themed cocktail drinks", coordinating the rest of the very friendly staff and for going above and beyond etc..

We had many bands play throughout the evening and all of the musicians were impressed with the sound crew at AMH, they were absolutely perfectionist with the sound and lighting! Most compliments that we received were that it was such a warm, cool vibe, filled with love throughout the event....exactly what we hoped for. "
